## Summary

---

As a web developer, I possess a strong grasp of essential languages and frameworks including HTML, CSS, JavaScript, React.js, MongoDB, Express.js, and Jira. My passion lies in refining my expertise and gaining hands-on experience in crafting dynamic and responsive web applications. I am driven to enhance user experiences, streamline workflows, and support innovative initiatives, thereby contributing to company success.

## Skills

---

Languages: HTML, CSS, JavaScript

Frameworks: React

Databases: MongoDB
